LED ALUMINUM STRIP
LIGHT!

Interested in under cabinet lighting but don't want the added cost for electricity and heat that come with conventional fluorescents? Tired of working in the shadows while working over your counter-tops?

TRY THE LED ALUMINUM STRIPLIGHT!

- Great product for under cabinet lighting.
- Available in a variety of lengths with the ability to cut to certain lengths if required.
- Low voltage (12VDC) and low wattage (11 watts per meter)
- Life expectancy of 50,000 hours

Power the units with a simple 12VDC Power Supply. Available for only \$56.00 (plus applicable taxes). This power supply can run up to 8 meters of the aluminum strip lights.

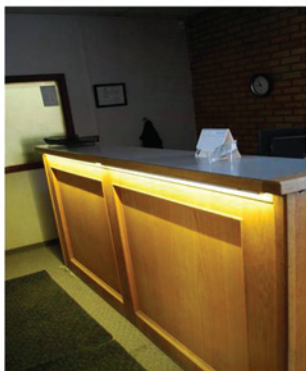

The strip lights are available in the following lengths:

1 Meter—\$69.95/each

1/2 Meter—\$34.98/each

1/4 Meter—\$17.49/each

Warm white and cool white are available in all the above lengths.
